The question is starred; but it is (since admitted) not known whether it has been admitted or not.

2 The Special Malaria Officer has recently reported that as much as 520lbs of quinine was consumed in the two taluks of Pattur and Kavkal up to 31st March 1929. What the Hon'ble member wants is the total value of quinine actually supplied for free distribution in the two taluks during 1928-29 and 1929-30. The D.P.H. may be requested to furnish the information required to answer the question

I think the Commissioner for Jail Dept should be asked

31.7.29 the full figures should be given in the answer

Jay 1/8

Note that no decision on fixing the Commission to be paid to the Jail Dept has yet been arrived at and that it is not possible to work out the figure [the file is now in Law (Ml).] Perhaps a note to the effect that the value excludes any Commission to the Jail Dept may be added in the answer. The answer is sent to for approval
